

REMARKS

Claims 1-5 are pending in the application. Claim 1 has been amended to overcome the 35 USC 112 rejection. No new matter has been added.

Claims 1-5 were rejected under 35 USC 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. This rejection is respectfully overcome by amendment. Claim 1 has been amended to clarify that not all of the at least three transmitting and receiving devices can be operated at the same time. Thus, claim 1 no longer contradicts the specification and Applicant requests that this rejection be withdrawn.

In the event the U.S. Patent and Trademark office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing docket no. 449122006000.
